

Printing as Natural as Wi-Fi

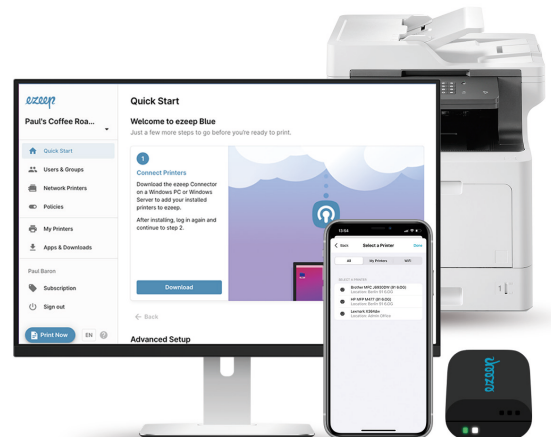

According to Deskmag, printing is more important than coffee for coworking space members. 80% of coworking members want to print easily, making printing theoretically more important than meeting rooms (76%), cafés (61%) or kitchens (50%).

Printing is also a major pain point for coworking space operators. For many years, ezeep has been the go-to solution, and now ezeep Blue for coworking spaces delivers even greater simplicity.

ezeep Blue – The Compelling Solution for Hassle-Free Printing in Coworking Spaces

- › No printer drivers, no servers, no always-on PC or any printing-know-how required
- › Just a simple, small ezeep Hub device, similar to a WIFI-extender, needed. Ready out-of-the-box and maintenance-free
- › For up to 10 users completely free

Features

Printing From Any – Yes Any – Device

PCs, Macs, iPhones, iPads, Chromebooks, Android phones/tablets or any device via a web browser.

Print From Anywhere

Print from anywhere to your shared workspace, so members can use your printers even from their home office.

Confidentiality and Security Built-In

Optional release solution – members trigger confidential print jobs at the printer with their member card or the ezeep Blue app.

Stylish, Simple and Environmentally-Friendly

One easy-to-use web console handles member and printer management and all printed documents are CO₂ compensated.

Even More Coming Soon

Detailed reporting – track who is printing, how many pages and more.

Self-sign up for members – streamline user onboarding.

Seamless integration in the leading coworking management systems.

Free
for up to
